DUVORLD THE PLAYERS OF THE AUTO ID INDUSTRY

BIOMETRIES

2020 BUYER'S GUIDE

Hadrian AG

Dermalog

Improving secure identification worldwide by innovative biometrics

DERMALOG

Mittelweg 120 20148 Hamburg Germany

Tel. +49 40 4132270 Fax +49 40 41322789

www.dermalog.com info@dermalog.com DERMALOG Identification Systems GmbH with head offices in Hamburg is Germany's pioneer for biometry and the largest German manufacturer of biometric devices and systems. The company provides biometric identification solutions including high-performance Automated Fingerprint Identification Systems (AFIS) and Automated Biometric Identification Systems (ABIS) as well as the latest generation of fingerprint and document scanners. DERMALOG's product range is complemented by biometric border control solutions, biometric identity cards and passports as well as biometric voting systems.

DERMALOG's technology is currently used in more than 220 large-scale installations around the globe. This includes one of the world's largest biometric installations set up in Nigeria. The branches of 23 banks and the Central Bank of Nigeria have been equipped with DERMALOG's ABIS. Bank customers are uniquely identified by fingerprints and face patterns, which effectively prevents fraud with false identities. The Nigerian banks have already successfully registered more than 35 million customers.

DERMALOG's innovative solutions also provide outstanding services such as project management, installation, and customization as well as maintenance and support of the delivered products. These and additional services form the basis for a long-term and trustful cooperation that connects DERMALOG with numerous customers.

Human Recognition Systems

Biometric technology that enables critical safe secure environments to operate effectively

2000 Enterprise Way, Liverpool L13 1FB UK

Tel. +44 151 2542888

www.hrsid.con

In 15 years, Human Recognition Systems has pioneered and driven the adoption of automated identification technology around the world, from smoothing passenger journeys in the largest airports to keeping Construction workers safe across thousands of sites and protecting major events like the 2012 Olympic Games. We continue to challenge the status quo and have built the team to make a difference.

Today, the company develops a series of industrial software and hardware systems, enabled through biometric technology, that help construction companies, airports, oil & gas facilities and other 'critical safe secure' environments operate effectively. Innovation is actively encouraged within Human Recognition Systems, approaching any situation or problem with an open and imaginative mind ensures clients that they receive a solution that best fits their requirements. Everything is approached with energy, enthusiasm and drive. Human Recognition Systems takes pride in fulfilling potential and maximising the growth of the business as a trusted provider who deliver intelligent and bespoke solutions that are valued by their clients.

Safran Identity ∘ Security (Morpho)

A broad range of biometric solutions and multimodal recognition for multiple business sectors

Safran Identity & Security, formerly known as Morpho, is a global leader in security and identity solutions, deploying solutions in more than 100 countries. We employ more than 8,700 people in 57 countries and generated revenues of nearly \in 1.9 billion in 2015. Backed by more than 40 years of experience in biometrics, the company develops innovative technologies for a wide range of markets and applications for people, governments and business. The company's solutions manage identities, secure payments and transactions and safeguard privacy,

for an increasingly digital and connected world. Safran also contributes to supporting law enforcement and protecting borders, for safer and easier everyday lives.

Safran Identity & Security's broad range of biometric solutions calls on technologies such as fingerprint recognition, multimodal recognition combining fingerprints and vein patterns, facial recognition and iris recognition. It reflects our unrivaled experience in biometrics, built up over the years by providing solutions for many different sectors.

Safran Identity & Security offers different biometric solutions and components, including portable terminals, sensors, software, mobile applications and automated control gates. Virtually all of these products are designed to collect, stock and process (by comparing data) biometric information, and produce a result or authorize an action.

Le Ponant de Paris 27 rue Leblanc, F-75512 Paris Cedex 15, France

Vision • Box

Advanced biometric-based solutions in border control, identity management and surveillance

Vision-Box is a leading provider of Automated Border Control and electronic identity solutionsusing ICAO-compliant standards.

Since the deployment of the first worldwide eGate to use biometric facial recognition, we have been blazing a path of success, offering advanced biometric-based solutions in Border Control, Identity Management and Surveillanceto Governments, Border Control Authorities, Airports or all Organizations needing to improve their security processes.

The company provides end-to-end Passenger Experience and Electronic Identity Management solutions that use ICAO and NIST-compliant standards, with over 1,000 operational Automated Border Control & Passenger Experience solutions in more than 50 airports across the globe and 3,000 Identity Management solutions worldwide.

Vision-Box partners with the most prestigious organizations worldwide, delivering dependable border control, identity management and security solutions for the most critical security scenarios, such as complex integrated border management deployments for air, land and sea borders, and for challenging innovation contexts, like citizen biographic and biometric enrollment in remote places, and self-service identity document delivery.
